EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Warren Zitlau on August 21 2007.

The application has been amended as follows:

In line 1 of the second paragraph of page 13 as amended on September 14 2006, "12" should be deleted and replaced with "15".

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: In Figure 2, reference numeral 12 should be deleted and replaced with reference numeral 15. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: The device having at least one passage outside of the perfusion catheter where the passage projects through and is completely surrounded by the dilation unit on the proximal side and where the elastic, inflatable material of the dilation unit seals the passage fluid-tight without the provision of an auxiliary catheter when the dilation unit is in an inflated state was not found in the prior art.
